Coding Implications
Revision Log

See Important Reminder at the end of this policy for important regulatory and legal information.

Policy Overview
Providers append modifiers to procedure codes to indicate that a procedure or service has been altered by some circumstance, but the definition of the procedure or the procedure code itself is unchanged.

When a provider bills a modifier that is invalid for the procedure code billed, the claim line containing the invalid modifier to procedure code combination is denied. This policy is relevant to modifiers identified as affecting payment.

The Centers for Medicare and Medicaid Services (CMS), the American Medical Association (AMA) and public-domain specialty societies determine payment modifiers that are appropriate for billing with certain procedure codes. The AMA publishes the Current Procedural Terminology (CPT) HCPCS Level I modifiers and CMS publishes the valid list of HCPCS Level II modifiers.

According to the AMA (2022):
A modifier provides the means to report or indicate that a service or procedure that has been performed has been altered by some specific circumstance but has not changed in its definition or code. Modifiers also enable healthcare professionals to effectively respond to payment policy requirements established by other entities (p. 709).

Application
This policy applies to Professional and Outpatient institutional claims.

Reimbursement
Claims Reimbursement Edit
Louisiana Healthcare Connections code editing software evaluates individual claim lines for invalid payment modifier to procedure code combinations.

The rule denies procedure codes when billed with a payment modifier that is inappropriate for the service billed or not clinically likely for the procedure code billed.

This rule reviews modifier to procedure code combinations on the current claim only and does not review historical claims.

Rationale for Edit
Providers should bill the correct payment modifier for the appropriate procedures.

Important Reminder
This payment policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this payment policy; and other available clinical information. LHCC makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this payment policy. This payment policy is consistent with standards of medical practice current at the time that this payment policy was approved.

The purpose of this payment policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable LHCC administrative policies and procedures.

This payment policy is effective as of the date determined by LHCC. The date of posting may not be the effective date of this payment policy. This payment policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this payment policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. LHCC retains the right to change, amend or withdraw this payment policy, and additional clinical policies may be developed and adopted as needed, at any time.

This payment policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This payment policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this payment policy are independent contractors who exercise independent judgment and over whom LHCC has no control or right of control. Providers are not agents or employees of LHCC.

This payment policy is the property of LHCC. Unauthorized copying, use, and distribution of this payment policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.
